WILL OPPOSE THE MEASURE

Republican Senators Against
"Governor's Bill."

SOME DEMOCRATS DOUBTFUL

Not Sure as to the Constitutionality of the Proposed Legislation to Abolish State Immigration Department, Timber Board, Forestry Board and Absorb the Forestry Commissioner. Repeal of Corrupt Practices Act is Sought.

St. Paul, Jan. 15.—The bill of Senator S. D. Works of Mankato creating the new board of public lands following the suggestion of the governor in his message, was placed upon its first reading in the senate.

This measure, which is already known about the state house as the "governor's bill," will meet with serious opposition from the Republican members and some Democrats. A doubt has been raised as to the constitutionality of the measure.

It was said on the floor of the senate that the state constitution prescribes that the auditor shall have control of public lands, and the present bill contemplates giving that control to the new board.

The bill of Senator Works prescribes that the governor shall appoint the board of three members. The recommendation of the state auditor in his annual report was that the office should be elective. This is the vital difference between the recommendations on the same subject by the governor and state auditor.

The bill abolishes the state immigration department, the timber board and the forestry board. The forestry commissioner is absorbed and becomes a part of the new board of pub-

lic lands. The members of the board are required to meet once in two weeks and are to have \$5,000 a year salary, and entire charge of the lands of the state and the methods of bringing in settlers, the protection of the forests and the leasing of mineral rights. The bill was sent to the judiciary committee.

To Repeal Corrupt Practices Act.

The entire corrupt practices act of the state is repealed in a bill brought in by Senator D. S. Hall of Buffalo Lake. All the sections limiting the expenses of candidates for the primary and general elections and the requirement to file expense accounts are wiped off the books and nothing put in their place.

Every voter who has the right must exercise it or be subject to a fine of \$2, according to a measure fathered by H. H. Witherstine of Rochester.

Relief for the cities of the state in the matter of car fare for employees was offered when Henry McColl of St. Paul introduced in the senate an amendment to the anti-pass law. The bill adds a clause to the present law by providing that nothing in it shall be deemed to exclude firemen, policemen, health officers, members of salvage corps and letter carriers in uniform from accepting free transportation.

Under a bill introduced by A. K. Ware of Northfield, newspapers are required to file with the secretary of state an affidavit telling who are the owners, who is the manager and editor-in-chief and if the paper is owned by a corporation, then the names of all the stockholders. This affidavit must be filed twice a year and the secretary of state must keep the information open to the public.

Would Prevent Charivaris.

In some districts of the state people are kept from marrying by the fear of boisterous charivaris, according to E. E. Lobeck of Alexandria, and he introduced a bill in the house which is intended to stop the practice by imposing heavy fines on offenders. Chattel mortgages must be filed with the register of deeds, according to a bill introduced jointly by Frank Nimocks, of Minneapolis and C. J. Swendsen of St. James.

The constitutional amendment requiring an educational qualification for county superintendents, which was defeated at the last general election, will be resubmitted to the people in 1910 if a bill by T. M. Ferguson of Barker becomes a law.

A bill requiring corporations to pay their employees twice a month was introduced by Frank Nimocks of Minneapolis.

Making the state labor commissioner elective, as recommended by W. H. Williams, former head of that bureau, is the aim of a bill introduced by Frank White of Elk River.

The right to vote on the question of licensing saloons is granted to cities of less than 10,000 in a bill by Elmer Adams of Fergus Falls. At present only towns and villages have that right.

Public hospitals are compelled to admit visitors from 2 to 4 o'clock on Sunday afternoons, according to a bill by James Handlan of St. Paul.

The forestry committee introduced a bill appropriating \$12,600 for the payment of bills for fighting fires during the dry season last fall.

A bill authorizing villages to purchase water, light and heating plants where such already exist was introduced by E. A. Kling of Little Falls.

IN JUSTICE TO SHEEPMEN

Change in Present Methods of Range Control Demanded.

Pocatello, Ida., Jan. 15.—The second day's session of the convention of the National Wool Growers' association in this city was marked by another attack on the forest reserves. E. J. Gosney of Flagstaff, Ariz., in an address declared that justice to the sheepmen of the West demanded a change in the present methods of range control.

"The power of the forest service is three fold, legislative, executive and judicial," said he. "They may make their own laws, or rules, decide our rights and enforce their own. In the function of the service lies the greatest danger. It passes upon our rights involving thousands of dollars, often without evidence save reports from forest employees, whose unreliability is a byword in the West."

Bank President Convicted.

Owensburg, Ky., Jan. 15.—T. S. Anderson, former president of the defunct Davies County Bank and Trust company, was found guilty by a jury of swearing falsely to a statement of the bank's condition and was sentenced to three years in the penitentiary. Anderson's wife and daughters, who were in the courtroom when the verdict was rendered, fainted. An appeal will be taken.

FATAL WRECK IN COLORADO

Ten Persons Killed in Vicinity
of Glenwood Springs.

NUMBER OF OTHERS INJURED

Feared That the List of Dead Will Be Greatly Augmented When Full Details Are Received From the Scene of the Disaster—Chair Car of Passenger Train Cut in Two and One Tourist Car Telescoped.

Glenwood Springs, Colo., Jan. 15.—In a collision between Denver and Rio Grande passenger train No. 5, westbound, and eastbound freight train No. 66 at Dotsero at least ten persons were killed and a number of others injured.

Although Dotsero is only twenty miles from this place, there is no means of communication except the company's telegraph lines, which are being used for company business almost exclusively. There is no telephone communication.

As soon as word reached here that a wreck had occurred a train was made up and all available doctors and nurses in the city pressed into service and carried to the scene of the accident.

Meager details of the wreck are to the effect that the freight train was attempting to take a siding on orders to let the passenger train pass, but had only partially run off the main line when the passenger train came tearing along and crashed into it.

The chair car of the passenger was torn in two and one tourist car telescoped. The passenger train was well filled with passengers, most of whom were asleep. It is feared that the list of dead will be greatly augmented when full details are received. It is impossible at this time to get any of the names of the dead or injured.

Pueblo, Colo., Jan. 15.—According to information just received in Pueblo, ten bodies have been taken from the smoker on No. 5, and between twenty-five and thirty injured have been taken to Glenwood Springs.

DISCUSSION IN THE SENATE

Centers on Measure to Increase Officials' Salaries.

Washington, Jan. 15.—An amendment in the legislative, executive and judicial appropriation bill increasing the salary of the president to \$100,000, of the vice president and speaker of the house of representatives to \$20,000, with \$5,000 additional allowance for carriage and coachmen for the vice president and speaker and increases for the judiciary aggregating \$328,500, precipitated a lively discussion in the senate.

Senator Borah of Idaho made a point of order against these increases on the ground that they involved general legislation, which, according to the rules of the senate, cannot be placed on any appropriation bill in face of a single objection. The debate centered upon the first of the amendments objected to, which was to increase the salary of the speaker of the house of representatives, and various criticisms were called forth against such extensive advance of salary, although many senators without opposing some increase insisted that it should be considered in a separate bill and not one of the great supply measures of the government.

Without concluding the debate further consideration of the amendments was postponed until next Monday and the senate adjourned.

CONSIDERS PRIVATE BILLS

House Devotes Almost an Entire Session to Them.

Washington, Jan. 15.—Private bills had their innings in the house of representatives, almost the whole session being given up to their consideration. Many were passed.

Under a resolution offered by Mr. Gaines of Tennessee, the judiciary committee was directed to report within ten days upon the question of the right of George L. Lilley, governor of Connecticut, to retain his seat as member of the house. The subject occasioned a good deal of debate, which at times waxed warm.

McFarland and Highland Fight.

Los Angeles, Cal., Jan. 15.—Packer McFarland of Chicago and Dick Hyland of San Francisco fought ten rounds, no decision, before the Pacific Athletic club. McFarland displayed more cleverness than Hyland throughout the fight, landed many more clean blows than Hyland and was stronger at the finish.

HAINS NOW IS A FREE MAN

Jury Acquits Him of Charge of
Killing W. E. Annis.

DEMONSTRATION IN COURT

Occurs When Jury Makes Known Its Verdict, Which Came Like a Thunderbolt—Now Believed That Captain Peter C. Hains Will Not Be Brought to Trial for the Murder of the Publisher.

Flushing, N. Y., Jan. 15.—After reviewing the evidence for twenty-two hours and taking fifteen ballots before all were agreed, the jury in the trial of Thornton Jenkins Hains found the prisoner not guilty as a principal with his brother, Captain Peter C. Hains, Jr., in the killing of William E. Annis. For the second time in his life, Thornton Hains has been found not guilty of the charge of murder in shooting a companion named Edward W. Hannigan in an open boat in Hampton Roads seventeen years ago.

Thornton Hains had an affecting greeting with Captain Hains in the Long Island jail, where he hurried in a motor car after the verdict to bring his brother the news. General Hains and wife, who had been anxiously awaiting to learn the verdict in the Hotel Astor in Manhattan, heard the news from their son Thornton, who telephoned his parents as soon as he left the courtroom. Mrs. Hains nearly fainted from joy at the news.

After spending an hour with Captain Hains in the jail, Thornton Hains went to the Hotel Astor, where he remained through the evening and night with his father and mother.

Hains Overjoyed at Verdict.

Thornton Hains was overjoyed at the verdict, which came unexpectedly and at a time when Justice Crane, believing that a disagreement was likely, had sent for the jurors to learn what progress had been made toward finding a verdict. The former defendant smiled and tears filled his eyes and hurrying to the jury box after Justice Crane had discharged the jurors, he seized their hands and thanked them for their verdict.

Rarely in any court of law has such a demonstration been witnessed as that which occurred when the jury made known its verdict, which came like a thunderbolt. The packed courtroom of spectators rose as one man and cheered and applauded with such mighty vigor that the gavel falls of Justice Crane on his desk could not be heard. Before proceeding further, Justice Crane ordered the trial chamber cleared and the spectators put out in the street.

After telephoning his mother and father, Thornton was escorted to a local hotel, while a throng of townspeople gave him a continuous greeting en route.

Officials of the district attorney's office in Queens county are quoted as saying that the verdict in the case probably means that Captain Hains will never be brought to trial and that he will be surrendered into the care of his family or the federal government.

Turn thyself to the true riches and earn to be content with little.—Seneca.

If You have a Piano
or Any kind of Furniture

That you wish to keep in good condition, write us for a bottle of our famous piano polish. From the experience of a lifetime in the piano business, we have finally evolved a polish that stands unrivaled in a class by itself.

It restores old surfaces and preserves the new. It cleans and disinfects, brings out the natural beauty of the wood and at the same time imparts a deep rich lustre, with the least effort.

This polish does not smear, streak or collect dust. The daily use of a little polish on the dust cloth is strongly recommended. This polish is used by us on our musical instruments and has been used by us for years. We consider it unexcelled.

George Storck of Earlham, Iowa
Pledges Himself to Take
Care of Them all

A meeting of the stockholders of the Security State bank was held in this city Friday afternoon. At the close of the meeting it was given out by D. D. Divine, of the public examiner's office, who has charge of the bank, that the meeting adjourned until Friday, Feb. 17th, at which time the bank would reorganize and reopen. Every dollar of the assessments on the capital stock will be paid. This was personally pledged by George Storck, father of E. A. Storck, the cashier of the bank. Just the nature of the reorganization is not yet made public, but private assurances are given that it will be such as to give every confidence in the institution. Mr. Divine repeated his assurance that there was nothing reflecting on the integrity of the present officers, or showing any crookedness. They were the dupes of Mr. Jones, there being \$20,500 of notes endorsed by him among the assets of the bank. Mr. Storck stated, when asked as to the future of the bank, that the first thing which would be done would be to put it on a par basis, then the matter of reorganization would be taken up. It was a matter with them, he said, of putting it past the suspicion of any wrong doing on their part.

On February 17th all stock on which the assessment has not been paid will be advertised for sale at auction and will be taken care of by Mr. Storck.

DECREE IS MODIFIED

Minnesota & International Will Not
Have to Pay Gross Earnings Tax
on Cost of Commercial Spurs

St. Paul, Minn., Jan. 16.—The supreme court today reversed itself when it modified its former order in the case brought against the Minnesota & International railway by the state, to collect gross earnings taxes.

In a per curiam decision, it holds that the gross receipts from labor and work train service and material furnished in maintaining, laying, surfacing, extending and taking up spur tracks was not properly included under the term "gross earnings."

"There was no intention to make any profit out of such transactions, and this class of service is distinguishable from the rental of equipment or work trains," says the court.

A NEW RECORD

Andy Jones as a Frenzied Financier
Makes a Record in North
Dakota

Grand Fork, N. D., Jan. 15.—Mayor Andy Jones, missing cashier of the National bank of Rugby, N. D., has established a new record for frenzied finance in North Dakota. Disclosures have followed each other with such rapidity that Rugby people are prepared for anything. Jones' victims are numbered by the score and they come from Wall street as well as the country districts. Bankers compose the largest part of his victims.

Jones brought in his final shower of gold by means of a sheep company which he incorporated. A St. Paul banker purchased \$10,000 worth of this stock. Scores of others invested smaller amounts. The extent of his operations in this class of worthless securities will only be known when the victims report their losses.

A New York city bank, known all over the country, has \$22,000 worth of Jones' promissory notes which he negotiated by endorsing them as cashier of the Rugby National. A Wisconsin banker arrived in Rugby today with \$16,250 of this class of notes. This banker stated that he had sold \$20,000 in stock in Jones' sheep company, which was to yield big returns. Jones traded him a mill at Campbell, Minn., which the banker never saw, but he plans to look it over on his return home. A banker from a Minnesota town arrived with \$25,000 worth of Jones' securities. In the bunch were notes which had been signed by men who had been employed in Jones' stables and who were not good for \$50. The notes ranged from \$1,000 to \$2,500.

There is difference of opinion among lawyers as to whether the notes signed by Jones as an individual and endorsed by him as cashier, but not of record in the bank, will or will not hold the Rugby National. If the courts hold that the bank must make good the amount of notes endorsed by Jones and not of record, the assets of the bank will be more than wiped out. The notes of this character total hundreds of thousands of dollars. One of the bitterest legal fights in the history of the state is predicted.

Receiver Swords and an expert are still checking up the accounts of the Rugby National. Bank Examiner Knudson and a deputy have not succeeded in getting the books of the Barton bank, of which Jones was president, checked up.

Sensational developments are promised as the result of the state having loaned the Barton and Rugby banks a total of \$29,000. It is asserted that certain formalities were not complied with.

SOUR FOOD AND GASSY STOMACH

Rid Yourself of Stomach Trou-
ble and Dyspepsia
Forever

JUST A LITTLE DIAPEPSIN

Then You Can Eat Your Favorite
Foods Without Dread of
Indigestion

Some people think they have indigestion, others catarrh of the stomach, others nervousness, cancer or dyspepsia, etc. Call it this if you will, but the real name for your trouble is food fermentation, with only partial digestion. Everything you eat turns to either acid, stomach gas or stomach poison, which weaken the digestive organs, causing a lack of gastric juice. Your food sours, is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, burning sensation, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nausea, belching of gas, dizziness, sick headaches, mental depression and many other common symptoms.

You can cure all this by not eating, by not putting any food in your stomach to ferment; but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman, young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of Pape's Diapepsin.

Every possible kind of stomach trouble is readily cured by Diapepsin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few days' use of Diapepsin your stomach will again be in good working order, your meals will thoroughly digest and your intestines will be clean and fresh, and you will have no use for laxatives or liver regulators.

Perhaps you would know us better by Pinch Town. How we received this name, we don't know, unless it is because we only receive a pinch of city advantages. We have lost our street lights, even our congenial postman forgets us once in a while on holidays. About the only thing that makes us realize we are really in the city is when our taxes fall due. But when you consider in our midst are located a pulp mill, electric plant, saw mill, cedar yards, lath mill, a grocery store that will compete with any grocery line in the city, a church building that accommodate two denominations, First Baptist and Norwegian Lutheran, a school building but only primary grade allowed us, two boarding houses, brick yard, and in summer a fine vegetable garden, poultry farm handling three breeds of pure blood chickens. We are not Pinch Town.

Mrs. Geo. Wilson, corner 9th and Elder streets, delightfully entertained "The Circle" Wednesday afternoon from 2 to 5 p. m. After business an excellent lunch was served, for which Mrs. Wilson is famous. She was assisted by Misses Wilson and Hogan, covers being laid for fifteen.

Miss Delia Belland is the guest of her sister, Mrs. H. McCarthy.

Arthur Welde is laid up with a sore foot, caused by accidentally stepping on a nail while at his work in the pulp mill.

The cedar yards are employing a large crew of men and teamsters.

The pulp mill is running night and day crews.

Mr. and Mrs. Geo. Adcock have moved to their logging camp near Emily for the winter.

SATURDAY, JANUARY 16, 1909.

WEATHER FORECAST

Snow flurries and warmer tonight; fair and colder Sunday.

Jan. 16 In History.

1794—Edward Gibbon, historian, author of "The Decline and Fall of the Roman Empire," died; born 1737.
1807—Charles Henry Davis, rear admiral, U. S. N., born in Boston; died 1877.
1897—Joel T. Headley, the historian, died; born 1813.
1898—General Christopher Colon Augur, veteran of the Mexican and civil wars, died in Washington; born 1821.

ASTRONOMICAL EVENTS.

Sun sets 4:54, rises 7:17; moon rises 1:52 a. m.; moon's age 25 days.

THE employees of 75 hat factories in the east employing 25,000 men are out on a strike. Better buy your hat now.

J. J. HILL has bought an afternoon paper at Winnipeg for the purpose of instituting a direct news service covering western Canada. James has been in the daily newspaper business before and knows how expensive the luxury is.

THE legislature will have to get busy if the members expect to make a record on a short session. Already bills enough have been introduced to keep them busy for six weeks, if due consideration is given the measures, and the law makers have as yet hardly warmed their seats.

IF A bill that has been introduced should become a law legal voters who fail to exercise their rights and cast their ballot at any primary or general election will be punished by a fine of \$2. A law to allow voters \$2 for casting their ballot would undoubtedly result in getting out a larger vote than the one suggested.

CONGRESSMAN LINDBERGH, who has returned from a trip to the Panama canal expresses himself as highly pleased with his trip and the experience gained. He is satisfied that the lock system should be carried out precisely as the government proposes. Among the noticeable things is the admirable equipment for the preservation of health and the sanitary conditions generally in that locality. Mr. Lindbergh believes that the aggregate cost of the work will be more than the original estimate but thinks that the enterprise when completed will be so satisfactory that the American people will be entirely satisfied.

The district court is still engaged in the trial of the case of Jordan vs. McKinley and Hoerr. Up to noon today Geo. A. McKinley, called under the statute for examination by the plaintiff, was the only witness on the stand in the case.

THE GOLDEN RULE

Discontinuance Sale is now on in full blast. Everyone has saved big money, why don't you?

E. C. Bane has secured a horse power surfacing machine for use on the floor of the Casino roller rink. The machine takes off every inequality of the surface and after that has made the floor very smooth sand paper is used, so that the skating surface of the rink will hereafter be kept in perfect condition.

The Brainerd Business College basketball team, which calls itself the "Out of Sights," went to Little Falls yesterday and achieved fame by being defeated by the score of 81 to 1, according to reports. Of course the boys have not rushed to THE DISPATCH office to announce the results. If they were not not "Out of Sight" their score came near being. The boys say the Little Falls Business College team are a fine bunch of fellows and entertained them at a very pleasant dance after the game. They returned this morning coming via Staples.

H. Stedman, of Berlin, Wis., was registered at the Ransford hotel last night.

Robert F. Rose, of Chicago, was in the city today with a view to accepting a position as assistant to Geo. Moody, court reporter for Judge McClenahan. Mr. Moody has now about \$2000 worth of transcribing of records ahead of him and no time in sight to make them. If Mr. Rose takes up the work he will go into court and permit Mr. Moody to catch up on his transcripts. Mr. Rose is an old newspaper man with a varied experience. As he puts it, "he has been everything from devil in a country office to news editor of a Chicago daily paper, and made a better devil than he did editor." Mr. Rose has been with W. J. Bryan in his three campaign tours of the country in the capacity of a reporter. Mr. Rose left for Chicago this afternoon as yet uncertain as to whether he would come here or not. He stated that he had a deal or two on in Chicago and could not tell until his return to this city what he would do.

An Enthusiastic Customer

Told her grocer that if he refused to handle "OUR-PIE" Preparation she would trade elsewhere. She knew she could make Lemon, Chocolate and Custard pies better than the expert cook if she used "OUR-PIE" as all the ingredients, carefully prepared, are in the package ready for immediate use. Each package, enough for two large pies, 10 cents. Order a dozen today from your grocer. Excellent also as a pudding sauce, cake filling, etc.

NOTICE TO THE FRIENDS OF LABOR

The Retail Clerks' Union have succeeded in securing to their schedule the signatures of all the merchants in the dry goods and grocery lines. The following in the clothing line have also signed: Peterson & Bye, H. W. Linne-mann, A. Mark, Solosky & Levant, Con. O'Brien.

All merchants signing this schedule have agreed to close at 6 o'clock p. m. on all days except Saturday, Shop Pay day and the days before a holiday on which we close, at which times 10 o'clock p. m. is the closing hour.

This schedule has been approved by the International Office of the R. C. I. P. A. and all merchants not signing are deemed unfair to Organized Labor and members of Labor Unions and their friends should act accordingly. Signed Retail Clerks Union No. 205. JAS. F. MAHONEY, Pres. ERNEST NILES, R. Sec.

Iron Moulders Union, No. 226.
This is to certify that the International Moulders' Union (226) of Brainerd has approved the Clerk's schedule in regard to closing Foundry pay day night.

London, Jan. 16.—Frank Gotch, the world's champion heavyweight wrestler, having been unable to arrange a match with George "Jackenschmidt," the "Russian Lion," from whom he won the title in Chicago last year, will sail for New York Jan. 27 on board the steamer Deutschland.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator. It makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedy." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea or irregular and absent monthly periods; abnormal or accompanying an abnormal condition of the digestive organs and aemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effect on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

The machine takes off every inequality of the surface and after that has made the floor very smooth sand paper is used, so that the skating surface of the rink will hereafter be kept in perfect condition.

The Brainerd Business College basketball team, which calls itself the "Out of Sight," went to Little Falls yesterday and achieved fame by being defeated by the score of 81 to 1, according to reports. Of course the boys have not rushed to THE DISPATCH office to announce the results. If they were not not "Out of Sight" their score came near being. The boys say the Little Falls Business College team are a fine bunch of fellows and entertained them at a very pleasant dance after the game. They returned this morning coming via Staples.

H. Stedman, of Berlin, Wis., was registered at the Ransford hotel last night.

Robert F. Rose, of Chicago, was in the city today with a view to accepting a position as assistant to Geo. Moody, court reporter for Judge McClenahan. Mr. Moody has now about \$2000 worth of transcribing of records ahead of him and no time in sight to make them. If Mr. Rose takes up the work he will go into court and permit Mr. Moody to catch up on his transcripts. Mr. Rose is an old newspaper man with a varied experience. As he puts it, "he has been everything from devil in a country office to news editor of a Chicago daily paper, and made a better devil than he did editor." Mr. Rose has been with W. J. Bryan in his three campaign tours of the country in the capacity of a reporter. Mr. Rose left for Chicago this afternoon as yet uncertain as to whether he would come here or not. He stated that he had a deal or two on in Chicago and could not tell until his return to this city what he would do.

An Enthusiastic Customer

Told her grocer that if he refused to handle "OUR-PIE" Preparation she would trade elsewhere. She knew she could make Lemon, Chocolate and Custard pies better than the expert cook if she used "OUR-PIE" as all the ingredients, carefully prepared, are in the package, ready for immediate use. Each package, enough for two large pies, 10 cents. Order a dozen today from your grocer. Excellent also as a pudding sauce, cake filling, etc.

NOTICE TO THE FRIENDS OF LABOR

The Retail Clerks' Union have succeeded in securing to their schedule the signatures of all the merchants in the dry goods and grocery lines. The following in the clothing line have also signed: Peterson & Bye, H. W. Linne-mann, A. Mark, Solosky & Levant, Con. O'Brien.

All merchants signing this schedule have agreed to close at 6 o'clock p. m. on all days except Saturday, Shop Pay day and the days before a holiday on which we close, at which times 10 o'clock p. m. is the closing hour.

This schedule has been approved by the International Office of the R. C. I. P. A. and all merchants not signing are deemed unfair to Organized Labor and members of Labor Unions and their friends should act accordingly.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Hellonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a remedy that which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a tonic is indicated which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and a toxic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can afford to neglect to take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription, faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
